ENCOURAGEMENT FOR THOSE WHO HAVE INDIGESTION

New Hampshire Man Tells How Dr. Williams' Pink Pills Restored His Health.

"There is hope for every sufferer from stomach trouble," declares Mr. William Kelly, who lives at No. 69 Dover street, Manchester, N. H. "I base this belief on my own experience. I suffered two years from acute indigestion pains which seemed to be growing more severe with each attack. Food soured in my stomach and distressed me. This caused sleeplessness and nervousness. I had to be very careful what I ate and even with this care the attacks occurred."

"One day I saw a newspaper announcement of Dr. Williams' Pink Pills and decided to give the remedy a trial. An improvement was noticeable in two weeks and as I continued the treatment I grew stronger and better by the day. I no longer have attacks of indigestion and can eat a hearty meal of substantial food without fear of pain. I have gained strength and weight and feel better than I have in a long time. Dr. Williams' Pink Pills did it and I have recommended the remedy to many others."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box of \$2.50 for six boxes. Write to-day for the free booklet, "What to Eat and How to Eat."—Adv.

What Keeps a Battery Young

To be reliable, a storage battery must have well-made plates.

Battery solution must be proper strength and required purity.

Battery jars must be mechanically strong and must allow no leakage of current or battery solution.

But it's the insulation between the plates that keeps that battery full of life and adds months to its term of useful service.

Drop in and ask us to tell you about Threaded Rubber Insulation, and some of the records it has made in keeping batteries on the job far beyond what used to be the battery age limit.

Buttermilk Creates Beauty Overnight

Delightful New Vanishing Cream Containing True Buttermilk Makes You Look Years Younger or Money Back.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that whilst it turns the duldest and most lifeless complexion to radiant beauty and makes red or rough arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least skininess or greasiness of the skin.

There is no secret about it nor is there any doubt about the results—it's just common ordinary Buttermilk in the form of a wonderful cream gently massaged with the finger tips around the corners of the eyes and mouth.

To prove this to your complete satisfaction obtain a small quantity of Howard's Buttermilk Cream at the Red Cross Pharmacy on the money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.—Adv.
